Re: 1987 Cable Distribution Proceeding,
CRT Docket No. 89-2-87CD

Dear Chairman Aguero:

Pursuant to the order of the Tribunal dated November 1, 1989, Broadcast Music, Inc. provided to ASCAP on November 10, 1989, among other things, a computer printout containing raw timings data for each syndicated program appearing on BMI's 1987 Distant Signal Survey.

The data have been revised to reflect certain adjustments made in the process of reviewing BMI's production of cue sheets to ASCAP in support of the survey. These adjustments were described in BMI's letter to ASCAP dated November 10, 1989, a copy of which has been furnished to the Tribunal by ASCAP.

BMI hereby encloses copies of Exhibits No. B-8, B-9, B-10, B-11 and B-12, revised to reflect these adjustments. The revised exhibits reveal that the revised survey result for BMI is 50.7% of the total fund, as opposed to 50.8%.

A copy of these revised exhibits is being transmitted to ASCAP by overnight mail. As the Tribunal accepted revised exhibits from ASCAP at the hearing on November 1, BMI too requests that the Tribunal accept BMI's revised exhibits at this time in order to avoid delay at the hearing.

Sincerely,

Charles T. Duncan /jjd
